COFFEE GRINDING MILLS

HOUSEHOLD SPONG APPLIANCES

Nos. 0 1 2 3 4

Spong Coffee Mills grind easily and rapidly, either fine or coarse. Cast in fine grey iron, and fitted with malleable handles, clamps and clamp screws, they are finished in black and gold outside, white inside the hopper. The clamps are hinged, the grinding cones deep cut and adjustable, and the machines can be clamped to the table or screwed to the wall as a fixture. No. 5, a larger machine with a double clamp, is shown on the next page.

COFFEE GRINDING MILLS

HOUSEHOLD SPONG APPLIANCES

No. 5

In Restaurants and Clubs where freshly ground coffee is in constant demand, this No. 5 Grinding Mill gives excellent service. A thumbscrew regulates the cutting cones to grind fine or coarse, and the double clamp ensures absolute rigidity when the machine is clamped to the table. Of the same material and finish as the smaller Mills shown on the previous page.

No 5. Grinds 1 lb. in $2\frac{1}{2}$ minutes.
